

What Is Child Find?

Child find is a component of the Individuals with Disabilities Education Act (IDEA '04) that requires Public Education Agencies (PEA) to locate, identify, and evaluate all children with disabilities, aged birth through 21, located within their geographical boundaries who are in need of early intervention or special education services.

The Arizona initiative for Child Find is known as AZ Find.

Developmental and Educational Services for Children Ages Birth through 21 Years

Some children have more difficulty learning than others. They may have trouble achieving milestones in one or more of the following developmental or academic areas:

- Vision and Hearing ✓
- Motor Control or Coordination
- Behavior or Social Skills
- Speech or Communication Skills
- Cognitive or Academic Skills

A referral for early intervention or special education services can come from a parent, guardian, foster parent, family member, teacher, counselor, or the student who AZ FIND finds learning difficult.

The earlier you express your concerns, the sooner your child's needs will be identified and the sooner he or she will receive the help needed to succeed.

Screening and Evaluation Services are FREE and Confidential

Please contact CBCS to discuss your concerns.
